Introduction

I-View 1768 1U 19" Rack Mount LCD KVM Console is a solution for compacting more Computers into limited space.

I-View 1768 combines a 17" LCD Display with a keyboard with built-in pointing device in a compact unit that measures only 1U in height. The installation of the I-View 1768 leaves ample space for other critical components. I-View 1768 is built-in with an analog-to-digital conversion board and can be connected to any standard VGA graphics card for immediate On Screen Display. The monitor keyboard unit has a built-in slide rail and mounts easily onto any 19" rackmount cabinet.

I-View 1768 comes with 8 Port KVM.

Specification
